

Updates from the Ghana Partnership Committee

Godwin is still at the seminary, in his final year, and we expect a report on him next week. We continue to support him financially.

GNTCS is still struggling without the software they need to keep the seminary's records. Rev. Oduro said he instructed Jennifer to contact Terry Yoder, but there seems to have been a problem we are trying to untangle.

Humphrey Akogyeram graduates Tuesday, May 23rd from the Lutheran Seminary with his doctorate. Fran and Osseo plan to travel to celebrate this accomplishment with him. He should soon be returning to GNTCS in Ghana with his wife Mary and son Eddie.
