

UMC Campus Ministries: Recommendation from UMC Leadership Team

The UMC Leadership has reviewed responses to the recent survey undertaken to discern the congregations' collective thoughts on UMC-sponsored campus ministry. After discussion and dialogue, along with Ben Wideman's decision to step down from his position with 3rd Way Collective at the end of this semester, we are recommending that UMC give pause to our sponsorship of campus ministries/3rd Way, and spend time in deeper discernment about our larger role as followers of Jesus in both the State College and University community.
