

Meetinghouse Committee Report

November 23, 2025

The bathroom renovations are complete, including the new directional door signs. A few incidentals need to be completed such as extra wall hooks and secondary locks for the doors.

The next project is the outdoor sign which needs to be replaced. Our committee welcomes a few volunteers to join us for this specific project. We are thinking that January, February, March would be for planning and designing with congregational final approval. Then April, May for the actual placement.

Another future project is to replace the flooring in the fellowship hall. This original flooring has chips and deep scratches. Sections have been replaced with whatever type and color tiles were available to be purchased at the time.

You are meeting house committee members are:

Doug Yoder, Sam Yoder, Terry Yoder, Jim Pierce, Jim Prowant,
Chair Gloria Horst Rosenberger
